Motivation/Problemstellung

- Welches Restaurant besuchen?
- Entsprechen die Gerichte meinem Geschmack, meinen Erwartungen?
- Was halten meine Freunde davon?

» App soll hierbei dem User bei der Auswahl behilflich sein

Umsetzung/Lösung

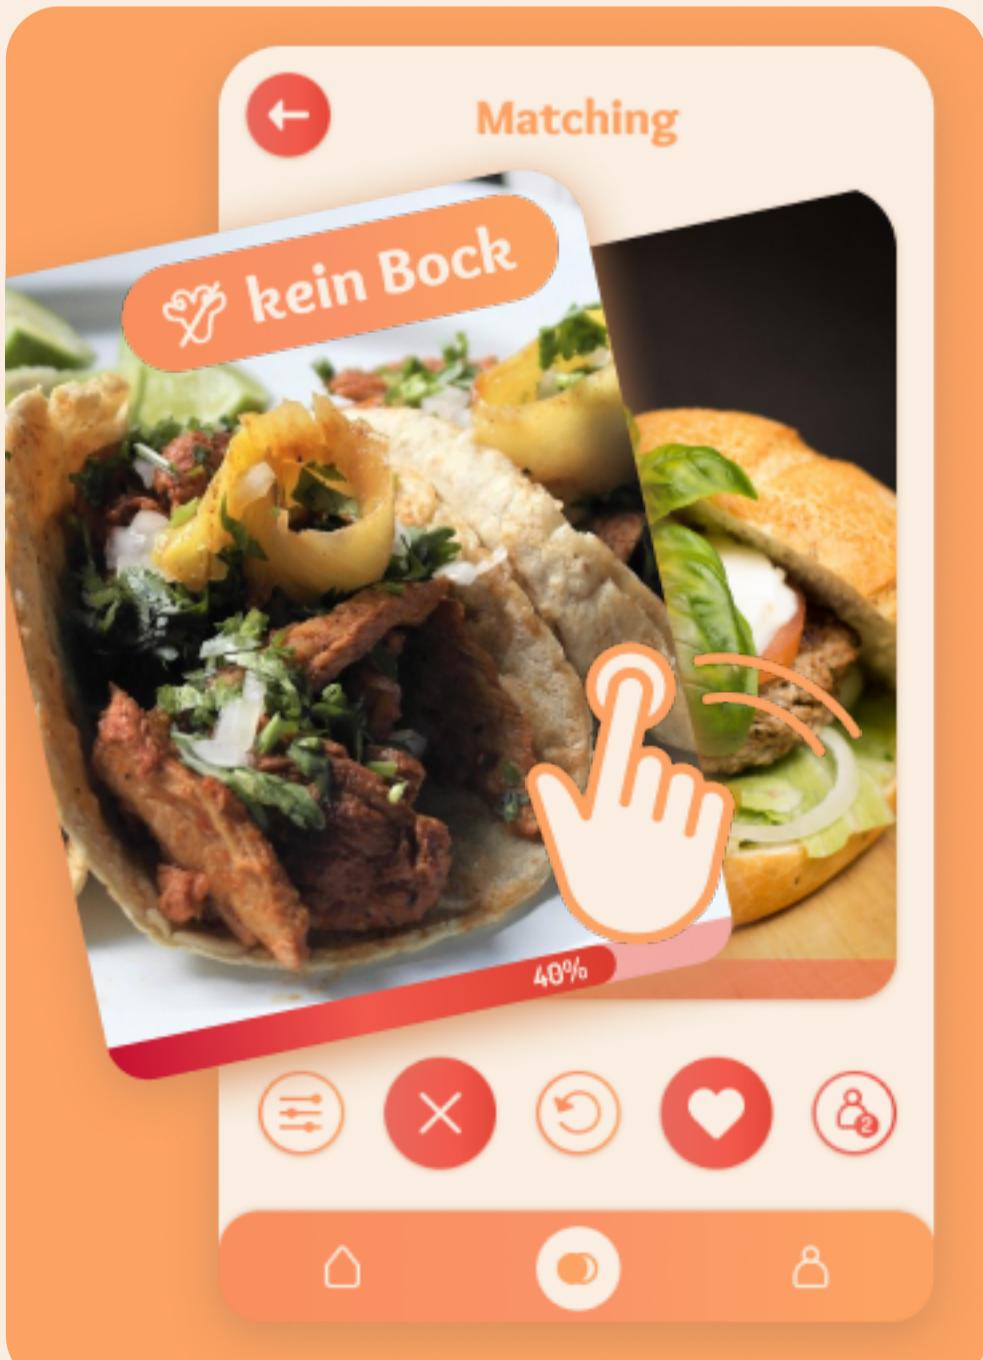

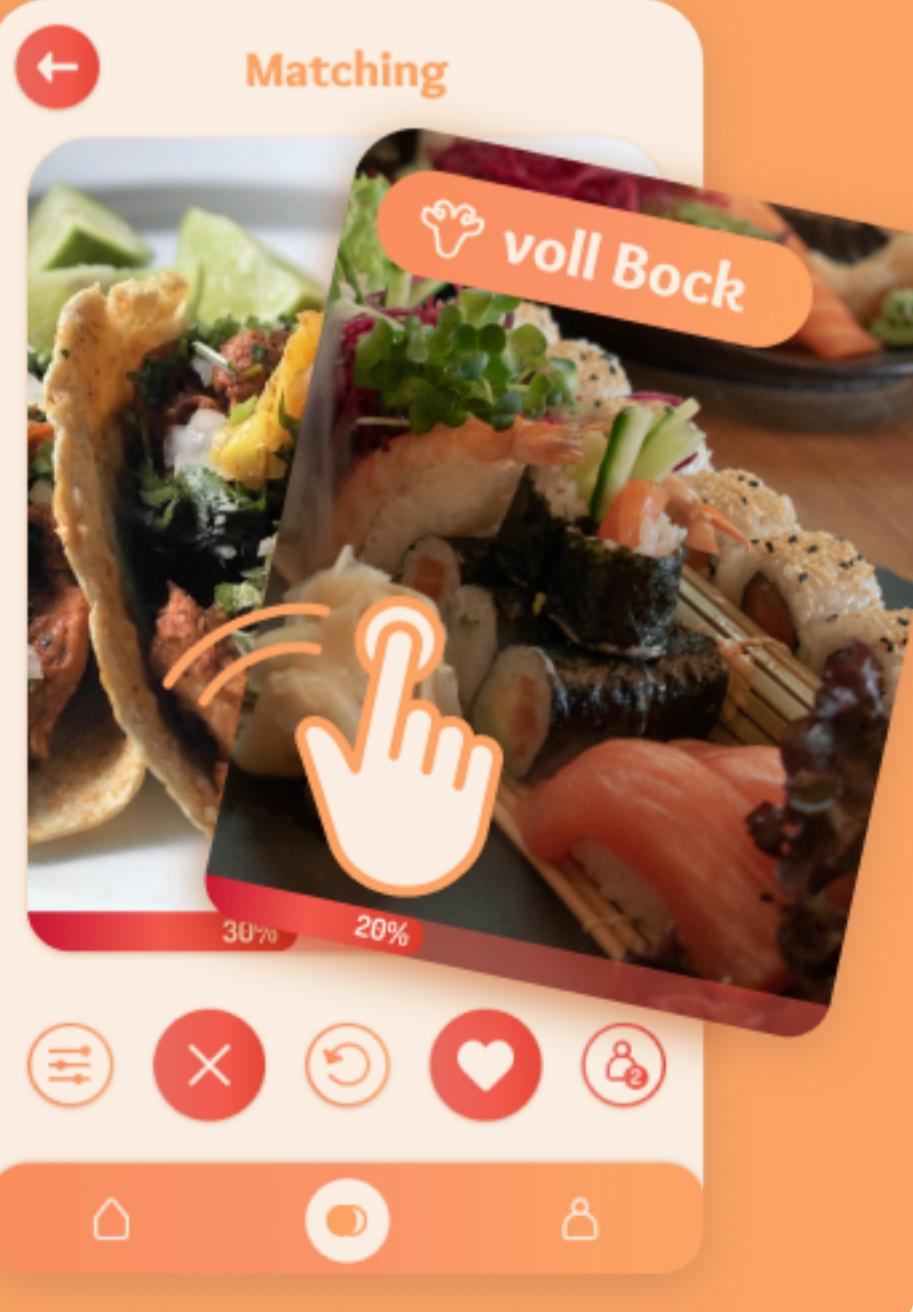

- Frontend
 - » React - TypeScript
 - » Recoil - State Management
- Backend
 - » Keycloak - Authentication
 - » Spring Boot - Micro Services
 - » MongoDB - Database
 - » Minio - Media Storage
 - » FCM - Notifications
